

RealStar® Real-Time PCR GPR

03/2019

Product Name	General Purpose Reagent	Prod. No.
RealStar® General Purpose Reagents for PCR		
RealStar® GPR PCR Master 1.0	Master for amplification of DNA by PCR	8001004

Real-Time PCR Instruments:

ABI Prism® 7500 SDS and 7500 Fast SDS, LightCycler® 480 Instrument II, Rotor-Gene® 3000/6000, Rotor-Gene® Q5/6 plex Platform, Mx 3005P™ QPCR System, VERSANT® kPCR Molecular System AD, CFX96™ Real-Time System

General Purpose Reagent: For laboratory use.

Not intended for a specific diagnostic application. Must be combined with appropriate analyte specific reagents (ASR) or other general purpose reagents to generate a finished *in vitro* diagnostic test.
