

altona Diagnostics is a medical diagnostic company that develops and manufactures *in-vitro* diagnostic tests for the DNA based detection of pathogens such as viruses, bacteria or parasites. Headquartered in Hamburg-Altona, Germany, altona Diagnostics is privately owned and employs more than 300 people worldwide. The company has been in the molecular diagnostics business for over 20 years and is ISO 13485 certified. Our business model is simple and straightforward: good people making good products and offering good service. Come join us if you share the same philosophy!

To strengthen our Facility & General Services unit in Hamburg, we are looking to recruit a highly motivated and committed

## Project Director Building Management (m/f/d)

### Responsibilities

- Central contact person and project lead for all new construction, conversion and refurbishment and modernization measures
- Control of the measures and coordination of the stakeholders to achieve the project goals
- Supervision of construction processes in cooperation with the responsible architects/technical planners and external partners
- Technical and disciplinary management of a team
- Control and further development of processes and tasks within the department
- Negotiation of service contracts as well as close coordination with offices, authorities and external partners
- Responsibility for fire protection, occupational safety, and environmental and energy management

### Requirements

- Successfully completed studies in architecture, civil engineering or a comparable qualification, preferably with additional training in facility management
- Several years of professional experience in the planning and execution of construction projects, preferably in production companies with a laboratory environment
- Good commercial and legal understanding with regard to all essential facility management processes
- Affinity for IT applications and use of these for (self-) organization and optimization of processes as well as good MS Office skills
- Sound experience in project management as well as leadership experience
- Strong communication and diplomatic skills
- Assertiveness, coupled with a confident and authoritative manner

### Our offer

Benefit from the diverse opportunities of an expanding international company. Work independently and in a team in a highly motivated, open and friendly environment. Family-friendly working hours as well as a pleasant and familiar working atmosphere are waiting for you.

### Interested?

Then we look forward to your detailed application stating your availability and your salary expectations. Please send us your complete documents (ideally in PDF format) using the "Apply Now" button. Your contact person is Ms. Dina Jensen.
