

altona Diagnostics is a medical diagnostic company that develops and manufactures *in vitro* diagnostic tests for the PCR based detection of pathogens such as viruses, bacteria or parasites. Headquartered in Hamburg-Altona, Germany, altona Diagnostics is privately owned and employs over 350 people worldwide. The company has been in the molecular diagnostics business for more than 25 years and is ISO 13485 certified. Our business model is simple and straightforward: good people making good products and offering good service. Come join us if you share the same philosophy!

Environmental protection and social responsibility are very important to us, and we view these topics as the foundation and guarantee of our future success. To systematically develop a sustainability, social, and environmental strategy and to coordinate the implementation of related projects, we are looking for an

## Environmental & Social Governance Manager (m/w/d)

### Your tasks

- Defining key parameters to measure the ecological footprint of altona Diagnostics
- Identifying areas/business activities where ecological or social changes could have an impact
- Developing strategies and concrete projects to improve the ecological footprint of altona Diagnostics
- Collaborating with departments and subsidiaries to implement these projects
- Establishing and implementing a reporting structure, including the development of key performance indicators
- Preparing and managing audits (internal and external)
- Conducting internal training sessions

### Your profile

- Completed studies in economics, engineering, social sciences, or natural sciences with a focus on sustainability or a comparable specialization
- Ideally, at least 2 years of professional experience in the field of sustainability
- In-depth knowledge of EU CSRD and ESRS
- Diligent and independent work style as well as strong analytical skills
- Experience in project management
- Excellent teamwork and communication skills, including intercultural competence
- Strong proficiency in German and good proficiency in English, both written and spoken
- Affinity for IT and proficient use of MS Office

### Our offer

Take advantage of the many opportunities available within an expanding international company. You will work both independently and as part of a team in a highly motivated, open and friendly environment. Working hours suited to families along with a pleasant and familiar working atmosphere await you.

### Are you interested?

Then we are looking forward to receiving your detailed application, stating your availability and salary expectations. Please send us your complete documentation (ideally in PDF) using the "Apply now" button. Your contact person is Dina Jensen.
